The Camrose Outrage...

The view of Liam Harding (a life long Basingstoke Town fan)

In 1953 Lord Camrose, the founding father of Basingstoke Town's Camrose Stadium, signed a Covenant declaring that football must be played in Basingstoke at the site for the next century. Nearly 70 years on, Basron Development run by former Basingstoke Town FC owner Rafi Razzak, has been granted planning permission for the ground. In 1991 local businessman Razzak became the club's Chairman. 25 years on he became the owner of the ground through his tech company, Centerprise. In 2016, after having run down the ground for several years and much speculation surrounding his future plans, he stepped down as Chairman. Yet he was still in charge of the ground a year later....during all of 2017!

In the same year Basingstoke & Deane Borough Council held a meeting with the club and Razzak which saw them declare to the club for the first time that the original Covenant could not be found or be used. Also, during the same meeting, Razzak was told that he could now advance with his plans for The Camrose ground as long as a 'like for like' ground was also built.....which, as of today, has yet to be met. Soon afterwards Basingstoke & Deane Council made a public announcement that the Covenant could not be found. It was then decided that the club would play at the Winklebury Football Complex, which is not of the same Grade B standard similar to that of The Camrose. In 2018, Basron Development unveiled their building plans for all to see, featuring a Care Home to be built alongside 89 new homes. On the 27th April 2019, the last game of The Camrose era was played, which saw Basingstoke Town (previously relegated from Conference South three seasons beforehand) relegated again from the Premier to Division One South after losing 1-2 to Taunton Town in front of 1011 spectators. With only a matter of weeks until the 2019-20 season was due to commence, the club were evicted from their home. A ground share was kindly agreed with Winchester City, some 20 miles away. However, this meant 'The Dragons' were unable to generate any

revenue with the club surviving on ticket sales. Toward the end of 2019, the calculation to move to Winklebury and upgrade the ground from Grade D to C was made and would cost around £250k. Basron were obliged to help out, but this figure would end up rising to £750k. When the team were playing at Winchester, Razzak gave his team the 'green light' to dig up the pitch. He claimed 'they were just re-seeding'. Additionally, goal posts and stands were being sold on eBay. Soon after the Basingstoke Gazette found the 'lost' Covenant on 6/2/20, raising moral and ethical concerns relating to Basron's plans. In late September 2020, after a Council meeting which included the club and Basron The Camrose plans were rejected. The Council felt that there were issues with the planning policy CN8 (building a like for like ground), overdevelopment of the site and lack of s106 mitigation. Within a couple of days of the rejection, a devastated Razzak said 'I think the decision is so wrong. The Councillors and a number of people have said things which are totally inaccurate'. He added 'My record is clear and my conscience is clear that I have done it for the good of the football club'. After hours of discussions between the club and the council it was agreed that the council and Hants FA would help bring football back to Basingstoke for season 2020-21. The council would contribute £150k in order for Winklebury to meet the Grade C ground standard. On Saturday 24/10/20, Basingstoke Town would play their first game at Winklebury losing 2-3 to AFC Totton, a year and a half since the team had last played in Basingstoke. In May 2022, with all seemingly going well on and off the pitch, the team reached the Isthmian League Division One play-offs. Unfortunately, the team lost 4-1 in the semi-final to Chertsey Town and the council performed a U-turn on their Camrose planning rejection. As a consequence, Basingstoke Town are now left with only a temporary home (HFA Headquarters) with the 'go-ahead' given to building on the Camrose site with no 'like for like' stadium.

Wincanton Town

Today's Visitors

We welcome Wincanton Town from the Toolstation Western League to Barlows Park this afternoon in the Extra- Preliminary Round of the FA Cup. This is the first ever meeting between the two clubs.

Wincanton Town FC was founded in 1890 and played most of its football in the Yeovil & District Football League at Dancing Lane on West Hill. In the early to mid 1990's the West Hill ground was sold to fund Wincanton's new sports ground development on Moor Lane. The club continue to play there today.

In their first season in the Dorset Premier League (2017-08) the club finished in a creditable 5th position. Three mid table seasons then followed. Before the start of the 2010-11 season the club appointed Paul Down as manager and in his second season the club finished in 4th position. The following season saw the club fair even better finishing runners up to Portland United allowing the club to apply for promotion to the Toolstation Western Football League. They also added silverware in the form of the Somerset Senior Cup beating Brislington 1-0 in the final played at Street Football Club. The 'icing on the cake' came in early summer with the confirmation that the club achieved promotion to play Step 6 football.

Season 2014-15 saw the club enter the FA Vase for the very first time, however Wessex League side Bemerton Heath Harlequins proved too strong and won by 5-0. The team repeated their 4th position finish in the league and were one of only two sides

to defeat champions Barnstaple Town. At the end of the season manager Paul Down decided to leave his role after five successful seasons in charge. Season 2015-16 saw Andy Mitchell & Chris Wise take charge of the club as joint managers. A tough first season with a completely new look team saw the club in the bottom three at Christmas but a strong second half saw the Wasps climb to 16th for a respectable first season. This season also saw the club enter the FA Cup for the first time defeating Wessex League side Whitchurch United after a replay. This earned the club a tie away at Southern League side Winchester City which ended in a 5-1 defeat.

The 2016-17 season was the second under the Wise & Mitchell reign and with a settled squad the club looked destined for a top half finish until injuries to key player disrupted things and the Wasps finished in 13th place. Season 2017-18 saw a management shuffle with Chris Wise as the sole manager with Andy Mitchell & Gary Chapman as his playing assistants. A 10th placed finish was secured as well as a first win in the FA Vase, 2-1 away at Bridport.

For the 2018-19 season Mtch stood down from his role as assistant manager to concentrate on playing. To fill the role the club welcomed back former player Matt Peters. Too many drawn games hampered the team - 14 from 38 matches meaning the team had to settle for 14th place. Season 2019-20 saw an improvement with the club sitting in 8th position when the season was cancelled due to the global pandemic.

We Go Again....

From the 'dugout'

Good afternoon everyone. An extended warm welcome to all Wincanton Town management, players, committee, their travelling fans and also to today's match officials for this Extra-Preliminary Round of the FA Cup.

After a rough start in the Combined Counties North last season, we finished in great form and finished a very respectful 10th in the league. It seems every new season means a new league, and again we have been moved, this time it's the Combined Counties South where we will encounter several new teams. We will even have an overseas away trip to face Jersey Bulls for everyone to look forward to.

Today's curtain opener brings us a home FA Cup tie. I am sure I don't need to say too much about this competition and how prestigious it is, but myself, Ben, our coaching staff and all the players are excited and honoured to be in the competition representing Tadley Calleva FC.

However, today's game is the most important thing for us to concentrate on and all our attention and focus must go into our performance. Wincanton had a great season last year finishing in the top 3 in their league. As a club I'm sure they will be looking for further progression this season and I have no doubt that today's game will be extremely tough. We will need to be at our very best if we want to have any serious thoughts of reaching the next round.

Joe Lawler & Ben Dillon

We have had a pretty successful pre-season on and off the pitch. We have managed to secure the signings of several players and thankfully see only two regulars leave in Aiden Harris and Callum Cleary. Both had to give up playing due to work commitments. We wish them well and hope to see them back in a Tadley shirt should their circumstances allow. However, this also meant that we were able to keep the nucleus of the squad that performed well at the end of last season.

With every new season it's important to bring in new faces to freshen up the squad. It is also crucial we make sure we bring in good players with the right character to fit into the current squad. I am pleased to say that I believe we have done just that and I'm delighted with how the squad is shaping up. With that, I would like to give a massive welcome to Sonny Haynes, Louie Chambers, Ben Toye and Alfie Saunders as new to the club. We also have some returning faces in Jamie Johnston, Adam Alliston and Rowan Vine who have all previously represented Tadley before.

Our target this season is to improve on the achievements of last. We believe we have now assembled a great squad of players, but success takes hard work and some sacrifices and that has to start today in the FA Cup.

The Gaffers

Ben Dillon & Joe Lawler

Welcome to Barlows Park —

Home to Tadley Calleva FC

Barlow's Park is a modern football facility consisting of several pitches, changing rooms and a clubhouse bar.

The facilities, which include 6 changing rooms and a board room, are also available for hire by other local organisations.

Situated in Tadley on the Hampshire/Berkshire border, it is run by volunteers on a non-profit basis, to provide football amenities to the local community.

The Park is managed by the BPMA (Barlow's Park Management Association). Since taking over in September 2007 ongoing improvements have and continue to be made in partnership with Tadley Calleva FC.

The latest of which include a new 130 seated stand, 2 covered standing areas, new floodlights and an extension to the clubhouse bar.

For further information on Barlow's Park please call: 0118 9817367

Pre-season Round-up...

Report by Danny Dolan

Tadley Calleva started their preseason campaign on Wednesday 15th June on the 4G pitch at The Vyne School, Basingstoke with 25+ players turning up for the first session.....some new and several returning from last season. However, we had to say a sad farewell to a few due to work or geographical reasons. Aiden Harris and Scott Kinge have departed due to work commitments, Callum Cleary has recently moved to London and Jack French has recently signed for Farnham Town. All of us at the club thank them for their time with us and wish them well going forward.....all were key players for us over several seasons. Although we have lost a few players we have also made some exciting new signings which (if not already made) will be announced on our social media accounts over the next few weeks.

Our first pre-season friendly was against our 'old' Wessex League rivals Andover New Street played at Sutton Scotney on Saturday 2nd July. This gave Ben & Joe the opportunity to look at a number of trialists with only five of last season's team actually making the squad. A good competitive game against a fairly strong New Street line-up saw us draw 1-1. Tadley took the lead late in the first half through an Ayman Bouzerai header with the hosts equalising three minutes from time.

Next up we hosted Combined Counties League Division One side Berks County FC at The Vyne. Another very competitive game against an up and coming ambitious side finished in yet another score draw this time finishing 2-2. A few of last season's team made a return for this one, but again the management team took the opportunity to have a look at several trialists. Jordan Goater and recent new signing Noah Changun were on target for Tadley.

We then welcomed Isthmian League side and near neighbours Thatcham Town to The Vyne. on Wednesday 13th July. It was also fantastic to meet up with some former Tadley players now playing at Step 4., Alex Fragata, Josh Edwards and Tinashe Gwavava to name a but a few! We won this one 2-1 after going behind to an early penalty. Sonny Haynes scoring both Tadley goals.

A late addition to the schedule saw us then travel to Hellenic League Division Two side Mortimer FC on Wednesday 20th Julynow managed by former Tadley Reserves manager Barrie Awbery. A convincing 7-1 win with the returning Ben Wright scoring a hat-trick with Brett Denham (2), Brad Neal and new recent signing Alfie Saunders also on the score sheet.

Saturday 23rd July saw us host a young but impressive Sandhurst Town side. Although the opening 15 minutes were closely contested, Tadley went on to an emphatic 9-1 win as our experience proved to be too much for our young visitors. Goals came from Ben Wright (4), Ross Cook (2) and Connor Thorne with new signings Louie Chambers and Ben Toye completing the scoring.

We suffered our first defeat of pre-season on Wednesday 27th July after returning to face a strong Andover New Street side at Foxcotte Park. After a very competitive 0-0 first half, which could be argued we dominated, we eventually lost out by 3-0 after some late, but really good goals from our hosts. A disappointing end to the match.

We finished our programme on Saturday 30th July at the home of last season's CCL (North) rivals Holyport FC. Another two very good goals from Ben Wright saw us leave with a well deserved 2-1 win. We're ready to go!

The History

Tadley has had a football team since the early 1900's. In the modern era the team was re-formed in 1989 and played in the Basingstoke and North Hants Leagues before winning promotion to the Hampshire League. The club was formed as Tadley F.C. in 1989. They joined the Hampshire League Division Three in 1994, finishing runners-up in 1995-96, gaining promotion to Division Two.

The club changed its name to Tadley Town F.C. in 1999 and joined Division One upon re-organisation. In 2004, they changed their name to their present name and entered the Wessex Football League Division Three.

Division Three was re-named Division Two in 2006, and the club finished runners-up in 2007. In the 2007-08 season, they won the Wessex League Division One title but were denied promotion as their ground did not meet the requirements for the Premier Division. The Reserve side was also very successful in the same season by taking the Wessex Combination League title.

Since then the team has remained in Division One and has steadily been making progress on and off the field year on year. They narrowly missed out on promotion in 2014-15 and 2015-16 respectively by finishing in 3rd position in both seasons.

In the 2010-11 campaign they reached the final of the Basingstoke Senior Cup losing to Thatcham Town 4-1. The club then went on to win the same cup in 2013-14 beating local rivals AFC Aldermaston 3-2 (aet) in the final. In September 2014, the club recorded probably the best result of its modern history, defeating Conference South Basingstoke Town on penalties in the Hampshire FA Senior Cup at The Camrose after a 2-2 draw in 90 minutes.

The club had its best run in the FA Vase in season 2015-16 reaching the 3rd round proper before eventually being knocked out 4-2 after a replay and extra-time against Newport (IoW) from the Wessex Premier Division.

They have also reached the final of the North Hants Senior Cup in the last two seasons; losing out 3-1 to local rivals Whitchurch United in 2016-17, again at The Camrose, and then 5-4 on penalties to Andover New Street in 2017-18 at Longmeadow after a 3-3 draw in normal time.

The club achieved its ambition of gaining promotion to the Wessex League Premier Division last season - the highest level (Step 5) that the club has competed at. The goal is to consolidate its position on the field and to make significant progress with the infrastructure off the field.
